

READING PLUS SCHOOL TRIALS CONTRACT

Reading Plus Australia is pleased to offer your school the opportunity to trial the Reading Plus programme for a one term period.
If you would like to take advantage of this offer please complete and email this form to admin@itecau.com.au

AGREED CONTRACT BETWEEN READING PLUS AND THE SCHOOL

We, the undersigned, agree to the terms of this Reading Plus School Trial Agreement. We understand that all software delivered under this agreement is for evaluation purposes only, and that all ownership rights remain with Reading Plus.

Operating system: Windows Mac

Term to trial: Term 1 Term 2 Term 3 Term 4

During that period we may trial the licensed software for our own school use. Under no circumstances will we use the software for any purpose other than to evaluate its usefulness to us for educational purposes.

In addition, we agree that to fully evaluate the Reading Plus program, the following conditions will be met:

- The trial period is for **8 school weeks**. At the end of this period, unless purchased, access to the programme will be terminated.
- A senior staff member shall be nominated to oversee the trial and communicate with your Reading Plus consultant or Head Office NSW. This staff member will provide a full de-identified report at the end of the trial, covering student gains made, operational use and comments from students and teachers.
- A cross-section (age and ability) of a minimum of 20 students are to be selected as a trial group for standardised pre and post testing. (This does not exclude software from use with whole school; this is a core testing group.)
- The nominated students should use Reading Plus for a minimum 3 times per week, 30 minutes per session. The Reading Plus student reports will be monitored a minimum of once a week and remedial action taken where needed.
- If any difficulties are experienced contact the Reading Plus Consultant straight away to ensure the trial's continued success.
- Training and support are available. Please contact your ITECAU representative in WA for pricing and presentation schedules.
